## DENGUE AWARENESS CAMPAIGN AT KALLIPATTI

### EVENT REPORT

**Name of Programme:** Dengue Awareness Campaign at Kallipatti

**Date of Event:** 12.05.2019

**Place of Event:** Kallipatti

**Number of Volunteers:** 26

**Beneficiaries:** The Beneficiaries of Dengue Awareness Campaign are Kallipatti village peoples.

#### Event Description:

The "Dengue Awareness Campaign" conducted in Kallipatti on May 12, 2019, was a pivotal and community-focused initiative dedicated to educating residents about dengue prevention, raising awareness about the disease, and fostering a sense of responsibility in combating its spread. This program exemplified the spirit of public health awareness, community engagement, and proactive disease prevention.

#### **Program Activities and Highlights:**

##### **Educational Workshops:**

The core activity of the event was educational workshops and sessions conducted by healthcare professionals. Attendees learned about the causes, symptoms, and prevention of dengue fever.

##### **Community Outreach:**

Participants engaged in door-to-door outreach to distribute informational pamphlets, educate residents about dengue prevention measures, and raise awareness about the importance of maintaining a clean and mosquito-free environment.

##### **Interactive Sessions:**

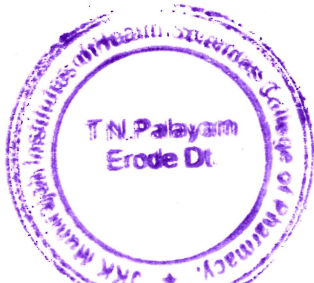

The program included interactive discussions where community members could ask questions, seek clarifications, and share their experiences related to dengue awareness and prevention.

#### Program Outcome:

The Dengue Awareness Campaign in Kallipatti on May 12, 2019, led to several significant outcomes:

##### **Heightened Awareness:**

The event raised awareness about dengue fever and its prevention, ensuring that community members were better informed about the disease.

Thookanaickenpalayam, Gobichettipalayam (TK), Erode (DT) - 638506, Tamil Nadu.

## **Behavioural Change:**

Attendees left with a renewed commitment to adopting preventive measures, such as eliminating mosquito breeding sites and using mosquito nets or repellents.

## **Community Unity:**

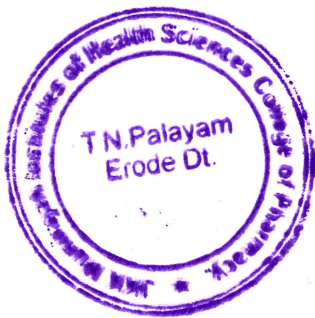

The program fostered a sense of community unity and shared responsibility for public health, emphasizing that dengue prevention is a collective effort.

## **Reduced Dengue Incidence:**

The campaign's efforts likely contributed to a reduction in dengue cases in the community by promoting proactive prevention.

The "Dengue Awareness Campaign" in Kallipatti on May 12, 2019, was a testament to the community's dedication to public health and disease prevention. It not only raised awareness about dengue but also empowered individuals to take proactive steps in preventing the disease's spread. This event served as a reminder of the importance of community engagement in safeguarding public health and well-being.
