REPORTS ON FACILITIES

The institution **J.K.K. MUNIRAJAH INSTITUTE OF HEALTH COLLEGE OF PHARMACY** provides the facilities for the people with disabilities. The college takes utmost care in providing the needed amenities & create an environment for differently-abled specifically.

- Assuring that the buildings, toilets, laboratories are barrier free & accessible for all type of differently- abled persons.
- Adopting suitable medium & method of teaching for differently-abled persons.
- Providing assistance to the student in the learning process apart from the regular class hours.
- Providing education & training resources / material in an accessible format using software.
- Providing the people with disabilities to use their own personal assistive device in the campus.
- Updating the facilities available for differently-abled in the campus.
- Providing parents - teacher counseling sessions with psychologists in the campus.
- Ensuring the admission of as many students with disabilities as possible through the open quota.
- Ensuring that the differently abled person have equal opportunity for sports.

JKK MUNIRAJAH INSTITUTE OF HEALTH COLLEGE OF PHARMACY BARRIER – FREE ENVIRONMENT:

Where people with disabilities can move about safely and freely & use the facilities with built environment. The environment supports the independent functioning of individuals, so that they can participate without assistance in everyday activities within the campus. In our college buildings/places/transporting systems are made barrier free.

BUILT ENVIRONMENT WITH RAMP

One of the major objectives of all education programmes that have been implemented at present is to be developing an inclusive education system by providing access to students with disabilities. Our college had provided the ramp facility for the disabled person in our college campus for the easy access of various places in the college by the disabled students. The ramps are carefully designed as per specifications to be used by the differently-abled people.

DISABLED FRIENDLY WASHROOMS

Washrooms are often one of the most important places in a college. We provide people with ability to feel clean & tidy as well as giving them space to relax when they need it. But for disabled people, washrooms that are ill-equipped and don't meet their needs can be a real source of stress. So creating a disabled-friendly washroom is very important in allowing someone to make the most of their washroom. There are two differently abled friendly restrooms for both male and female students. These accessible restrooms carry the fixtures and fittings that are comfortable and convenient to the differently abled people. Nonslip floor, sliding door and grab bars provide easy access to the differently abled people. Sinks and basins have also been modified and crafted to suit the needs of disabled people more.

PEDESTRAIN SIGNAGE INCLUDING LIGHTS, DISPLAY BOARDS AND SIGN POSTS

Sign board ensures visually impaired persons are able to familiarize with the road and path. Tactile sign on handrails at the end of the staircase guide the visually impaired. Educational institutions need to comply with the safety loss and rules & it is essential for them to place the safety signs as per the defined guidelines. The signs ensure the safety of the students in case of any emergencies, directional signage, safety signage, branding and vision mission signage are need to be installed throughout the campus. We provide display boards, lights & signboards all the needy places for easy access.

SCREEN READER

Screen reader is an assistive software program which helps the visually impaired or the blind to work with the computer. Braille blaster free software to use learn basic calculations. The non-visual desktop access JAWS is an free open – source free software. It is installed in two computers at computer lab 2 to help the visually challenged students in learning.

SOFTWARE FACILITIES

Our institution does not have disabled persons but we have open-source software – Braille Blaster, JAWS to assist disabled persons.
